

## WHO WE ARE

Adult & Child Health is an innovative, mission-driven healthcare organization dedicated to helping people live healthier lives and reach their goals. Serving people of all ages and impacting every area of life, our staff support people at home, at work, at school, and in the community.

Our School Based Teams are embedded in over 120 Indiana schools and work side by side with students, educators, administrators, parents, and community supports to champion educational success. When behavioral health concerns, delayed development issues, or other life stressors interfere with a child's ability to learn, our specialists will help them find their way back.

## WHAT WE DO

Our teams support the learning process and work to enhance student behavior within the school environment and at home by providing services such as:

- Intakes & assessments
- Individualized treatment plans
- Psychiatric consults
- Classroom based interventions
- Case coordination
- Parental engagement
- IEP consultation
- Medication management
- Behavior modification plan
- Linkages to community and healthcare supports

## WHO WE SERVE

Each student is unique. Our programs are designed to encourage their strengths and support the challenges of each child. Our trained professionals can help with:

- Difficulty making or keeping friends
- Oppositional behavior or defiance
- Inappropriate anger or aggression
- Experiences with trauma
- Frequent behavior outbursts
- Sudden change in social interactions, sleep, or dietary patterns
- Social withdrawal and/or recurring sadness

#ThisIsWhy

- ↓ Decrease tardiness & absenteeism
- ↓ Decrease discipline referrals
- + Improve classroom behaviors
- + Improve quality of life at home and school
- Remove barriers to educational success
- ✓ Take place in a home setting after school hours and during breaks

SCHOOL BASED  
SERVICES CAN

# WHY ADULT & CHILD HEALTH

## INTEGRATED CONTINUUM OF CARE

We provide an integrated continuum of care for the entire family. Our approach is simple: We treat the entire person, from addressing basic needs to providing high quality physical and behavioral healthcare. We understand that great health is reliant on social, economic, and physical determinants. It's our passion to remove barriers to care, and empower success & wellness.

## MULTIDISCIPLINARY TEAM APPROACH

We understand the importance of individualized and supported care at all levels. Our staffing model fosters smaller caseloads and supportive care from referral, to assessment, to treatment, and beyond. School Based Therapists possess master's level credentials and utilize evidence based practices to help children develop the capacity to cope with challenges, control their behavior, solve their problems, and maintain healthy relationships. Our highly trained medical and behavioral clinicians are experts in both care & compassion.

## AFFORDABILITY & CONVENIENCE

Adult & Child Health's impact is felt throughout central Indiana in Marion, Johnson, Bartholomew, Morgan, Hendricks, and neighboring counties. We accept most major insurance plans, including Medicaid and HIP 2.0. We see patients regardless of their ability to pay and offer an income based fee scale. Benefit Navigation Services are available to help uninsured or underinsured persons obtain appropriate coverage and/or entitlement benefits.

**A** 91% of our school partners feel school based programming impacts student behavior positively.

93% of our school partners feel A&C services positively impact the environment of the school.

"At the highest level the partnership with Adult & Child has provided another way for students to be academically successful."

~ Vicki Noblett, Director of Student Services  
Greenwood Community School Corporation

"With Adult & Child, we have more kids in school, healthier kids in school, better attendance, fewer discipline referrals, fewer expulsions and suspensions... We are doing what's right for kids."

~ Deb Brown-Nally, Executive Director of Curriculum & Instruction  
Franklin Community Schools
